

# Maram Elsayed

Calgary, AB | 587-429-0364 | [mrm.elsayed@hotmail.com](mailto:mrm.elsayed@hotmail.com) | [LinkedIn](#) | [Personal Portfolio](#)

## Skills

**Languages:** C, C++, C#, Java, JavaScript, Python, Pascal, SQL, HTML, CSS, MIPS.

**Tools & Frameworks:** Git, Django, Flask, REST APIs, JUnit, Java GUI, MySQL Workbench, Selenium, Hadoop MapReduce, Docker, Apache Spark, Jupyter, GNS3, JetBrains, Blazor, Google Firebase, ReactJS, NodeJS.

## Education

**Bachelor of Science in Software Engineering, *with Distinction*** Sep 2018 - May 2023  
Schulich School of Engineering, University of Calgary

**Dean's List** 2021-2022, 2022-2023

**Relevant Coursework:** OOD, TDD, Data Structures, Operating Systems, Embedded Systems, Software Architecture, Computer Networks, Database, Software Testing, Big Data, Information Visualization, Data Science, Human-Computer Interaction, Biometrics Systems, Software Performance Evaluation.

## Work Experience

**Software Engineer – NR SOFT Inc.** Sep 2023 – Aug 2024

Java, Java Swing, HTML, JavaScript, Eclipse, Socket, Git.

- Developed and deployed a desktop application using Java Swing, with real-time communication via socket programming and cloud integration.
- Enabled integration with a cloud web app using APIs and AJAX.
- Managed the project, delivering regular updates and client presentations.

**Junior Programmer – Cielo Solutions for Information Technology** Aug 2017 – May 2018

Python, SAP, SQL.

- Supported senior programmers in software development, debugging, and quality assurance.
- Collaborated with SAP Sub-agent in Qatar, assisting in SAP implementations.
- Followed SAP methodologies to support configuration, testing, and troubleshooting.

## Projects

**M&M Wedding Portfolio Development – Freelance Developer** Jul 2024 – Nov 2024

ReactJS, JavaScript, HTML, CSS, Google Firebase, Git.

- Developed the M&M Wedding Portfolio website using ReactJS, JavaScript, HTML, and CSS, featuring an RSVP system for guests.
- Deployed the site via Google Firebase and utilized Firestore to securely store and manage guest data and RSVP responses.
- Collaborated closely with clients throughout the project, ensuring their vision was realized from initial concept to final delivery, with regular feedback and updates.

### TELUS

**Adaptive Bandwidth Throttling in Radio Access Networks – Capstone Industry-Sponsored Project** Sep 2022 – May 2023

Python, GNS3, CentOS (Linux), Flask, Git.

- Developed an adaptive bandwidth throttling (ABT) framework in a team of 6.
- Created a Network Simulation Model of the ABT framework using GNS3 and Virtual Ubuntu Desktops.
- Designed a Core Network and RAN Utilization Monitoring Solution to throttle at a specified capacity based on clients' service grade.

**HCI Public Library System – Course Project****Jan 2023 – May 2023**

C#, HTML, CSS, ASP.NET, Blazor.

- Designed the User Interface (UI) of a Library System in a group of 5.
- Practiced Human-Computer Interaction methods to improve customers' experience.
- Proficiently contributed to the front-end development of a dynamic web application.

**Geolocation of Twitter Users Using NLP and ML – Course Project****Oct 2022 – Dec 2022**

Python, Jupyter, Git.

- Built 3 Naïve Bayes models based on different textual features models to predict User's Geolocation based on User's 'Tweets'.
- Reported accuracies of up to 79%.
- Carried out EDA and pre-processed the data to comprehend the Dataset's trends.

**Note Goat – Course Project Web App****Jan 2022 – Apr 2022**

Django, Python, HTML, CSS, SQL, REST-ful API, Selenium, Git.

- Developed a Notes Web Application with an MVC Software Architecture.
- Practiced back-end development, and Selenium Automation Testing.
- Utilised sqlite3 to store data.

**Extracurricular Experience****Orientation Leader – University of Calgary****Sep 2020**

- Guided new students through orientation, fostering community and providing campus resources.

**Mentor for MINDCRAFT – Carnegie Mellon University in Qatar****Dec 2017**

- Helped develop leadership and communication skills throughout the event.
- Guided students participating from various schools.
